

WARNING AGAINST THE WEARING OF MILITARY/ALLIED FORCES' UNIFORMS

Recently, a student of this University who was dressed in Military Camouflage shorts was accosted by an Army Officer. But for the intervention of the University Security Unit, the said student would have been whisked away for proper military interrogation and discipline.

Against this background, Management wishes to remind members of the University Community that there are laws in this country prohibiting the wearing of military and allied forces' uniforms by persons not duly authorized to do so.

Members of the University Community are therefore enjoined to please obey the laws of the land, to avoid a situation whereby the University may be embarrassed.

Thank you.
